

New Pipe Nails with acryl paint roses

1. Prepare the nails. Push up the cuticles; remove the skin and the shine of nail. Apply Primer in a very thin layer; wait until it is get dry. Apply Bonder (acid free primer). Apply the Crystal Nails Butterfly nail form for the pipe shape.

2. As a second step create the free edge with the black liquid drops. (Put a few drop of liquid drop into the liquid and use clear Crystal nails acrylic powder to create the free edge)

3. Use the Crystal Nails cover pink acrylic powder to make nail bed extension.

4. Use the 131 colored acrylic powder to create the smile line.

5. Cover the full nail surface with Crystal nails clear acrylic powder.

6. Use the 100/100 CN Xtreme file to file the full nail surface, when you are finished use the buffer to make it smoother.

7. Create roses from acryl base paint. Use the violet and the white.

8. Use the green acryl base paint to create the leafs. (With Barbara or P brush)

9. Contour the leafs and create small flecks. After drying apply 2 layers of Top Shine gel to give back the shine of the nail.

10. Finish Picture
